Education

Bengal College of Engineering and Technology

Aug 2023 – June 2027

B.Tech in Computer Science

- CGPA till 3rd Sem: 6.3
- **Coursework:** Computer Architecture, Algorithms, Data Structures , Theory of Computation

Technologies

Languages: C++, C, Java, Python, SQL, JavaScript, TypeScript,

Technologies: React, NextJS, ShadCN, Framer Motion, NodeJs, Git, Numpy

Databases: MongoDB, PostgreSQL

Experience

Project Admin

Remote, India

GSSoC

Oct 2024 – Nov 2024

- Maintained the counter-app repo over the whole span of the program successfully
- Dealt with all the pull-requests and issues as soon as possible and solved all the deployment issues all by self
- Learned various technologies like react, nodejs, authentication.
- Also Improved my time management and

Projects

Personal Portfolio

[LiveLink](#) [Github](#) [Link](#)

- Designed my personal portfolio to showcase my projects and made it available live via deployment
- Tools Used: NextJs, Turborepo, ShadCNUI, TailwindCSS, Framer Motion

Counter app

[Live Link](#) [Github](#) [Link](#)

- Designed and open-sourced the counter app where more than 50+ contributors visited and devoted their time in measuring ours time
- Tools Used: React, NodeJs, MongoDB, Authentication

To do App

2002

- Build a basic todo app which lets you add remove or see tasks
- Tools Used: React, MongoDB, NodeJs

Programming Achievements

Leetcode Profile :- [Link](#) Max. Rating. 1459

CodeChef Profile :- [Link](#) Max. Rating. 1300+

Solved 500+ Problems Across Various Platforms
